ontotext

The 14th International SemanticWeb Conference started two days ago and Ontotext has been its most prominent sponsor for 13 years in a row.

Check out Highlights from ISWC 2015 – Day One if you missed it.

Marin Dimitrov, CTO, is there to represent us and report on the most interesting advances in Semantic Technology, NoSQL and BigData.

**Marin's Highlights**

> Uniqueness, Density, and Keyness: Exploring Class Hierarchies http://t.co/h4RBKNW6dL #LinkedData #DBpedia #ISWC2015 pic.twitter.com/V5iBZFu5Vt
